Measuring & Ordering Information

Complete the order using the following steps:

STEP 1

Canopy Model Numbers 4 through 8: Using the chart provided, select the projection that best fits your needs. If mounting over an out swinging door use at least a model #7.

STEP 2

Canopy Width: Measure outside width of door casing. Add at least 3" to 5" on each side for proper appearance (be sure light fixtures are not in the way). Custom widths up to 90" in 1" increments.

Canopy Mounting Space: Measure from top of door (B) to determine available space for mounting. Canopy requires 13" of mounting space (B).

STEP 3

Color/Pattern Choice: Select the fabric color that best complements your home. All canopy framework is in bronze finish. Both fabric number and fabric name are necessary for order processing.
