5500 & 5700

ALUMINUM & FABRIC ROLL-UP WINDOW AWNINGS

! * **Awning Width (hinge center)** is the center to center distance in width between the two arms where they mount on wall or casing.

For Window Heights up to	36"	46"	56"	66"	76"
Awning Model#	0	1	2	3	4
C. Projection	18"	24"	30"	35"	42"
D. Awning Drop	27"	33"	39"	44"	51"

Drop and projections are approximate.

Measuring & Ordering Information

Complete the order using the following steps:

STEP 1

Awning Model Numbers 0 through 4: Measure window height (A). Use chart to determine awning model number.

STEP 2

Awning Width*: If mounting arms on casings, measure the center to center width of casings (B). For wall mount select any desired width, allow 1" on each side for mounting hardware. Arms cannot be mounted on shutters. Custom widths up to 90" in 1" increments.

STEP 3

Color/Pattern Choice:

5500: Select the aluminum color(s) and pattern that best complements your home. The awning top may be ordered in a solid color or striped pattern.

5700: Select the fabric color that best complements your home. All awning framework is in bronze finish. Both fabric number and fabric name are necessary for order processing.

STEP 4 – (5700 only)

Optional: WeatherGuard™ cover. The bronze finish cover protects fabric from rain, snow and sun when awning is rolled up.

WeatherGuard™ extended

WeatherGuard™ rolled up
